

Trekking on Mount Cameroon

CAMEROON

6 days

24 – 29 January 2027
English speaking guide

The 'unforgettable' of the trip:

- The **ascent of Mount Cameroon**, the highest peak in West Africa
- The **lush tea plantations of Buea**
- **Limbe beach**, with its black volcanic sand
- The **German colonial architecture of Douala**

Trekking on Mount Cameroon

CAMEROON

The centrepiece of the western coastal region is the majestic Mount Cameroon, which, rising to a height of 4,090 metres, overlooks a stunning natural landscape and the fascinating traditions of part of English-speaking Cameroon.

The magic and mystery of this still-active volcanic land permeate everything, from the scenic vistas of the peaks shrouded in perpetual mist to the atmosphere of devout respect shown by the local people towards what they still regard today as the 'chariot of the gods', capable of destroying everything. Whilst eruptions from the crater have become rare, when they do occur they are by no means merciful; recently, a lava flow reached the coast, burying the plantations—which thrive on the fertile volcanic soil—and crossing the coastal main road.

A unique journey with Leonardo Francesco Paoluzzi.

Itinerary

Day 1: Sunday 24 January 2027

Outward flight/Douala (DLA)

Day 2: Monday 25 January 2027
